LEFT THE CITY FOR THE CITY'S GOOD .-Henry Cash, the old pediller of "indigo biue" and matches too" notoriety, has left the city for the city's good. Yesterday afternoon he swore out a warrant, before Justice Nalls, for the arrest of Charles Dean, for assault. Upon the trees of the city of the carest of the city of the carest of th the trial of the case it was found that Cash was the offender and not Dean, whereupon he, Cash, was placed under bonds in the sum of \$25 to keep the percy for six months. Upon leaving the office of justice. Cash got very druck, went to his house on Oronoko, between Putt and Royal streets, where his wife was ly-ing sick, and raised "hades." He broke up nearly all of the hule furniture his wife had gathered around her. Dean thee swore cut a warrant before Justice Nalls for the arrest of Cash, who, fearing a commitment to jail, left the city this morning for, it is believed, Harrisburg, Pa. Cash, whose comical appearance and strange ways made him an object of ridicule for all the boys in the city, came here during the war from New York, a pauper, and time he has lived mainly upon charity. He has religious associations, and as many of the temperaces organizations as he could get into. He has recently been expelled from the Alexandria Reform Clab. The departure of Cash is looked upon as a good riddate :.

|Since the above was written, Cash, learning that Dead, his son in law, believing that he had left the city, had withdrawn the warrant against him, has changed his mind, and returned to Alexandria. This afternoon, with a basket on his arm, he was kneeking at the doors of residences as usual. I

THE CONVENTIONS YESTERDAY, -After the Gazetto went to press the numinoes for the House of Delegates of the two conventions held in this city yesterday, Edmund Barke, of the straighton; republican, and Sewell B. Cerbett, of the Mahone readjuster, appeared before the two bodies, and in short speeches accepted the respective nominations, which, of course, are only intended as compliments to the parties named. The Mahone readjusters say Mr. Burke will not get more than fifty votes, as he is unpopular with the colored people, and the straightout republicans say Mr. Corbett is frory uppopular in the county, the only place where he expects to get any votes at all, from the fact that he is president of the Arlington Turnpike Company, which charges the county people ten cents toll over the road of the company. That Judge Charles E. Stuart, the regular democratic candidate for the House of Delegates, will receive a large majority over both the republican and read juster candidates no doubt is outertained. The Armory Hall and Sarepta Hall conventions did not put their candidates up with any idea of cleating them; they made nominations for an entirely different purpose. The following dispatch from this city to the Richmond Whig shows how far the Mahonites here can be relied upon for correct information: "The readjuster convention met in this city to day and nominated for the House of Delegates S. B. Corbett, a coalition regulation readjuster, who

BULL TOWN AND NEW TOWN AT WAR. The boys, white and black, of "Buil Town," in the soutwestern section of the city, hended by one of the gang with a "cin pot" for a drum, and another with a fife, marched up to 'New Towo,' in the northwestern section of the city, last night, and challenged the beys of that lecality to a stone battle. The challenge was sceepted, and the battle, which was immediately commenced, raged with such fury that the residents of the neighborhood, for self preservation were compelled to complain of the proceedings to the police authorities Policemen, who were in-mediately dispatched to the seens of conflict, succeeded in arresting and lodging in the station house eighteen of the combatants, while and colored, of all ager. This morning the station house presented a lively toone. Buckets and baskets, containing breakfasts for the boys, commenced arriving at an early hour and continued until after 8 o'c'eck; a large number of parents, too, were on hand holding inter views with their sons; some condemned the boys for getting in the scrape, and others condemn d the police for making the arrests, contending that their boys were the best in the wild Mayor Beckham b iog out of the city the trialof the eases were pastponed till this sterason.

ARBITRATION VS. WAR .- At the regular meeting of the National Arbitration League in Washington, last night. Hev. Jacob Troth, of Fairfax county, Va., read an essay on the "Family of Nations." He divided up the governments of men into the individual patriarchal, democratic state. democratic state, national, international and univereal. The first he said was the most primitive form, and the last combined all the good qualities of the whole. He discussed each sep-arately, and while treating of the government of the states, diverged long enough to remark that during the twenty-five years from 1833 to 1877 there were twolve wars in which were killed 1,948,000 men. These wers cost \$15,000. 100,000, or in other words, it cost \$10 000 to kill each man. In this country slone \$00,000 men were killed, costing \$7,000,000 000. During the last century there had been fifty arbitrations that had cost the world nothing to speak of. The Geneva award and a few others had cost this country about \$255 000, but this was less costly than war. He hoped to see the time when war would be a loss art. He advocated an interna-tional council, composed of the rulers of all the countries of the world, to whom all metters likely to give rise to war should be submitted. This council should settle the difficulty and their decision should be final. This method would

A REBELLIOUS SAILOR -Edward Kelly, the sailor on the British Bark Lottie Sewart, who created so much excitement in this city last week by his murderous assault on the captain of the vessel, has not yet been tamed. Capt. Koys, who piloted the back, which left here Sunday morning last, to Pagey Point, returned to this city yesterday evening. He reports that when a considerable distance down the river. Kelly, notwithstanding he was heavily ironed, attempted to escape from the versal. The rebellious sailor continued sullen all the way down the river. When near l'oint Lockout he threw a raft overboard, and was abougetting over the rail of the vessel, when he was caught and locked up. Kelly says he will not go to sea with Captain Johnston. The arrival of the vessel at Cork. where she will go for orders. will be awaited with interest, as not only Kelly, but several other sailors, made threats just before leaving Alexandria,

SUDDEN DEATH OF THE BROTHER OF MR. JOSEPH YOUNG .- Mr. Peter Young, bother of Mr. Joseph Young, of this city, died suddenly at his home in Philadelphia on September 31. The Philadelphia Dispatch say: "Peter Young died September 3d, aged fifty years. He was a sailmaker, and had long been identified with that business in the old district of Southwark, He by descent was allied to the original owners of the soil, having among his remote ancestors an Indian warrior of the Lenni Lanape tribe. In his early manhood Mr. Young was connected with the Volunteer Fire Department, having been for years a member of the Southwark Engine Company. He was a member of the Fire Brigade in the service of the government at Alexandria during the rebellion.

THE GRAIN MARKET .- The prices obtained for wheat and corn in this market during the past month have been the highest of any market in the country, and when freights are taken into consideration the prices show a much greater diff-rence. It is useless for the farmer anywhere in this section of country to try ary

MILITARY ADPOINTMENTS, -- Gen. Fi'v Lee of the First Brigsde Virginia Velunteers, which will attend the Yorktown Centennial edetation, has made the following appointments:

James Pendleton Rogers, of Reamond, to be Major and Inspector General. Dr. George Ben Johnston, of Abirgdon, to be Major and Brigade Surgeon.

HAIL SRORM -The wind and rain storm which visited this city Sunday last was accompanied in many places in this section by heavy hail. Between Haymarket and Aldie, in Prince William county, Va., the storm of hall was very severe, doing a good deal of damage. The hall, which remained on the ground until Monday morning, drifted in some places to the depth of a foct. This accounts for the pleasant weather of the past few days.

THE GAME ASSOCIATION.—The Alexandria Came Protective Association, with a large number of friends, went on an excursion to Fort Foote this morning, where the annual game dinner of the association took place. A number of the members of the association left married a woman with six children, since which in a small sloop, others left in skiffs, and others still, later in the day, on the steamer Corcoran. been a member of several churches, and all the A most enjoyable time of fishing, gunning and cation, was pent. PATENT GRANTED .- Among the patents granted in Washington yesterday was one to Augustin I. Ambler, assignor by mesne assignment to International Vapor Fuel Carbon Iron Manufacturing Company, Washington, D. C., process of and apparatus for generating gas from petroleum.

LOCAL BREVITIES.

Mr. Crifford expects his odorless excavating machine here in a few days. The weather to-day has been very pleasant, the mercury in the thermometer in this effice

registering 81 degrees. The Board of Supervisors of Alexandria county met at the old Court House in this city to-day and transacted a good deal of county business, financial and otherwise. The question

of taxation in the county was also discussed. Messra. John and Willio Cogan, while at work at Mr. Portner's brewery a few days ago fell from a platform they were standing on and were quite badly bruised. Both gentlemen had their arms sprained.

It will be seen that the lady friends of the Old Deminion Commandery are requested to meet the Commandery at the Masonic Temple to morrow evening at 4 o'clock. It is hoped the ladies will respond promptly.

Seventy-two colored men left here yesterday to go to this to work on railroads. They got so far as Washington, but the agent who engaged them failing to put in an appearance, they had to walk back to this city. They, however, expect to start sgain to-morrow, the agent having arrived here to-day.

In addition to "East Lynne" and "Kit, the Arkansas Traveler," to be presented early in October, by F. S. Chanfrau and wile, the opera of "Bex and Cox" is to be presented by Messia. Daniel, Pagh and others, of Washington and this city, at Armory Hall, on the 26th
